Chimney Fire Extinguisher* Extinguishes Chimney Fire in Seconds!

*Independent testing shows that
Chimfex® extinguishes* a chimney fire
in an average of just 22 seconds.*

The **Original Chimfex® Chimney Fire Extinguisher*** is the first line of defense for controlling chimney fires:

- Great for use in fireplaces or wood-burning heaters
- Allows the homeowner to react quickly and effectively to a chimney fire
- It's the same top-quality product used by professional firefighters nationwide – proven effective for over 40 years
- Chimfex® is accepted by the CSIA

Chimfex® is easy to use.

Remove top lid to expose scratch surface on the cap.

Twist and remove the cap to expose black button.

Hold away from face while activating Chimfex® by lightly scratching black button with the cap.

Immediately drop alongside the fire (not directly in the fire).
